

令和6年産 (有)土遊野 有機米栽培展示ほ場 の状況

 A photograph of a rice paddy field on a hillside. The field is filled with water and young rice seedlings are visible in rows. In the background, there are trees and a distant town under a cloudy sky.	4月11日現在
 A photograph of the same rice paddy field. The water level is lower, and the young rice seedlings are more clearly visible. The background shows a forested hillside and a utility pole.	4月30日現在
 A photograph of the rice paddy field showing further growth of the young rice seedlings. The field is still flooded, and the rows are more distinct. The background features a forested hillside and a utility pole.	5月7日現在
