

Landslide Hazard Map

Toyama City ② Osawano Area Funakura District 1

Timing of evacuation actions to protect yourself

Evacuation information issued by the city and disaster prevention weather information issued by the national and prefectural governments are divided into five levels so that residents can understand the risk of disaster occurrence and take appropriate evacuation actions.

Alert levels	1	2	3	4	5
Alert levels	Early warning information (Probability of warnings)	Heavy Rain Advisory Flood Advisory	Evacuation of the elderly, etc.	Evacuation order	Emergency Safety Measures
Evacuation information etc.	Meteorological information (Issued by the JMA)		Evacuation information (Issued by Toyama City)		
Evacuation actions	People who take time to evacuate*1		Evacuation is recommended	Voluntary evacuation	Evacuation is recommended*2
Timing	Make a note of the evacuation shelters		Be sure to evacuate by Alert Level 4		
Priority			Evacuation is not recommended. Act to protect yourself!*2		
Evacuation shelters	Safe emergency evacuation shelters that have been set up etc.		To a safer place*3		
	Low		Disaster Risks		High

*1 People who take time to evacuate: Includes the elderly and people with disabilities, etc.

*2 Evacuation is recommended: Timing with a low risks of disaster. Evacuation is not recommended: There is a high possibility that a disaster has occurred, safe evacuation is impossible.

*3 Move to a room as far away from the cliff as possible or to a nearby solid building.

If you observe signs of landslide.

*Let's consider how to evacuate to places other than those designated by Toyama City, such as relatives or acquaintances' houses in safe places.

How to read this map

- Designated emergency shelters
- Emergency heliport
- Facilities for people requiring special care
- Emergency wireless system
- District border
- Main Roads (National Route-Prefectural Road etc.)
- Main Roads through hazardous areas (National Route-Prefectural Road etc.)
- Evacuation direction
- 1 km mesh (From Risk Map of the Toyama Prefecture Landslide Alert Information Support System. Mesh number(8 digits))
- Landslide Alert Area (collapse of land on steep slopes) Special Alert Area
- Mudslide Special Alert Area
- Landslide
- Estimated direction of sediment flow

List of Facilities

Facility Name	Address	Phone Number
Funakura Elementary School	1733 Sakamoto	076-468-2652
Funakura Community Hall	482 Sakamoto	076-468-1519
Toyama Special Support High School	2600 Sakamoto	076-467-5560
Osawano Junior High School	550 Yakiyama	076-468-2600

*Since the time is based on normal walking speed, it may change at night or road conditions.
